

SCHOOL VISITATION

When visiting our campus, you must stop in the office to sign-in and get a visitor's pass. You must also sign-out when the visit is completed. This procedure eliminates unauthorized adults on campus and maintains student safety. All visitors must wear shirts (appropriate clothing) and shoes while on campus. Parents are always welcome to visit the school or their child's classroom. An extended classroom visit must be pre-arranged with the teacher and or the principal before arriving at the school.

PARENT VOLUNTEERS

Parent volunteers are always welcome. A required Negative TB skin test is required when volunteering in the classroom as well as completion of a [School Volunteer Application](#). After a clearance has been obtained from the school police, you are welcome to volunteer. You will be required to sign-in and out every time you volunteer. For insurance reasons, parents may not bring siblings or younger children during their volunteer time.
